Missing Students Policy

Overview

Students are encouraged to identify a person who College officials can contact in the event that they are determined “missing”. Students should provide this contact information to the Office of the Dean of Student Affairs (231M Moore Building).

Missing persons should be reported directly to College Campus Safety or to the Office of the Dean of Student Affairs . Do not wait if you believe a student is missing. Federal law states that the campus is required to provide missing person notification to 1) all local police agencies, 2) the student’s contact person (if provided), and 3) parents of students under the age of 18 years of age.

Clinton Community College MISSING STUDENT Policy and Procedure

A missing student is defined as any student who resides in a facility owned or operated by Clinton Community College/FSA and is reported missing from his or her campus residence.

Any person who believes a student is missing should be directed to Campus Safety in the Security Office at: (518) 593-0777.

Campus Safety will initiate a Missing Student Incident Report.

Based on information gathered, and conversation with the emergency contact person, the Dean of Student Affairs will review and enact the following protocol. Protocol includes:

- Make a copy of ID card picture, circulate an “All Points Bulletin” to Campus Safety and to University Police at Plattsburgh State University
- Notification and transfer of information to local law enforcement
- Notification to the college’s crisis management team

It's as easy as 1, 2, 3!

All members of the campus community are advised to sign up with NY Alert to receive emergency notifications.

Emergency Response

- ◆ A campus emergency is designated as any situation that significantly disrupts regular college functions for any period of time.
- ◆ The campus has designated the Dean of Student Affairs as the Incident Commander responsible for directing all campus emergency /activation responses.
- ◆ A campus evacuation is when a building or campus must be immediately vacated due to an imminent threat to personal health or safety.
- ◆ Campus alerts for emergency or evacuation notices will be sent out immediately (within 5 minutes) after recognition of a campus emergency by the incident commander or designee unless sending such a message will compromise the effort to deal with the emergency or to rescue a victim. The campus will be notified of a campus emergency or campus evacuation by use of the following systems:
- ◆ Activation of the active alert broadcast system which broadcasts messages across campus via a series of campus speakers. Initiated by the Incident Commander or designee. This is immediate and should occur within five minutes of the incident.
- ◆ Campus email system to all students, faculty and staff. Initiated by the Incident Commander or designee. This is immediate and should occur within five minutes of the incident.

Testing of the emergency response and evacuation system should occur once per year under the direction of the Director of Buildings and Grounds. Records will be kept and maintained by the Director of Buildings and Grounds for each test, including the following information:

- A description of the test
- The date and time of the test
- Whether the test was announced or unannounced

Campus Crime Alerts or “Timely Warnings”

In the event that a situation arises, either on or off campus, that, in the judgment of the Dean of Student Affairs and Sheriff’s Office, constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued.

The warning will be issued by the Dean of Student Affairs through the college email system to students, faculty, and staff and will be posted on campus and in the campus residence halls as appropriate.

Anyone with information warranting a timely warning should report the circumstances to Campus

Safety at 562-4215 or the Sheriff’s Office

The Clinton County Sheriff's shall provide law enforcement services to the campus. Campus Security prior to this agreement was provided by USA Security Associates. USA Security Associates worked in combination with outside law enforcement agencies when criminal offenses were reported.

All crime victims and witnesses are strongly encouraged to immediately report the crime to Campus Safety. Prompt reporting will assure timely campus response and disclosure of accurate crime statistics.

Access to/Security of College Facilities

College facilities should be used for the purposes for which they are intended and according to the following activity-based priorities:

1. Academic Programs.
2. Extra-Curricular Programs, including Athletics.
3. College Affiliated Groups (Foundation, Alumni, etc.).
4. Non-College Group Functions.

Because of potential scheduling conflicts, it is possible that late requests from high-priority groups may be rejected in favor of commitments to lower-priority groups. This requires the need for centralized and early scheduling of all College related activities.

The use of College facilities shall be generally limited to groups engaged in educational, cultural, or charitable activities. Use by groups for purposes which are primarily profit oriented are not to be permitted. This, however, does not rule out educational activities which may also enhance the user's profit potential. An example of this would be training sessions or classes for member of a professional group or trade association designed to enable the participant to serve society more effectively.

Applications may be Approved, provided:

1. the activity does not conflict with regularly scheduled activities of the College or specially planned events or programs not regularly scheduled but with prior approval of the administration. Generally, requests for use of facilities on Sundays or during College vacation periods will not be approved.
2. the primary function of the group is educational or cultural. The group may not be a political action group and activities may not be primarily social, fundraising, political, or religious in nature.
3. the group has adequate leadership and supervision to ensure adherence to College regulations.

Procedures

To promote consistency, all requests from off-campus groups shall go initially to the Director of Buildings and Grounds who will determine whether the group is eligible. Application forms are provided by the Director of Buildings and Grounds and should be completed for each instance of intended use. Each application will be reviewed separately.

A contract, which spells out the obligations of both parties, shall be signed by the user. When required by the Office of Finance/Controller, a certificate of insurance shall be provided by any group using space.

The College does not permit smoking, drinking or eating in any classrooms. Alcoholic beverages are not permitted on campus, unless specific permission is requested from and granted by the Board of Trustees (see Policy 1500). Nothing may be sold, given, exhibited or displayed in connection with the use of facilities unless written permission has been requested and permission granted by the Office of Finance and/or Controller.

Security Awareness Programs

During Orientation in August students are informed of services offered by Campus Safety, the Office of the Dean of Student Affairs and the Advisement and Student Support office. Health, Wellness, and Safety programming is done throughout the academic year by the Campus Life and Advisement staff.

When time is of the essence, information is released to the college community through “timely warning” alerts (R.A.V.E) posted throughout campus and via direct e-mail announcements to students, faculty, and staff.

Reporting Locations

The main campus of Clinton Community College is located at 136 Clinton Point Drive in Plattsburgh, NY.

Statistics for this location are included in this report.

Please see the map on this page to better understand the definition of “campus” as required by the Clery Act.

Behavioral Assessment

The At-Risk Team (CARES) at Clinton Community College meets weekly to assess student behavior. The intention of this group is to identify, report, and address specific student behaviors that might be of concern, but fall outside of existing reporting procedures. The group identifies students who appear to be “at risk” of behavioral

and/or academic difficulty and develops strategies for addressing these concerns with students. Specifically, this group will intervene as early as possible with students who have been identified as at-risk; collect information from faculty, staff, and students about behavior that may be threatening; stay attuned to escalating behavior or potential physical violence; and develop a plan of action to assist the student in achieving success at Clinton Community College.

Please contact the Dean of Student Affairs at 518-562-4121.

Crime Prevention Programs

Crime prevention programs and programs addressing individual safety are offered by various College offices throughout the year. The Office of Campus Life offers programs on personal health, wellness, and safety as part of their programming throughout the academic year.

The Deputy Sheriff(s) offers a campus escort program offering to escort any faculty, staff or student to their vehicle should they request one.

Criminal Activity Off Campus

Clinton Community College does not have any off-campus student organizations requiring monitoring by local law enforcement agencies. Clinton Community College does not have any “non-campus” property. The main campus is located on Bluff Point.

Clinton Community College Campus Location

Alcohol and Other Drugs

Clinton Community College is a drug and alcohol-free campus.

Possession, use or distribution of illegal drugs or alcohol on college property or at college-sponsored events will result in serious disciplinary action. Students could be expelled. Employees could be fired.

It is important to note that, under local, State and Federal laws, illegal use of drugs and alcohol are serious crimes. Felony convictions carry serious consequences, including loss of citizenship rights during the period of sentence and

possible jail terms. Conviction jeopardizes future educational and employment opportunities.

Further information on the legal ramifications of drug and alcohol abuse, including the Student Rights and Responsibilities document and the text of Public Law 101-226, is available in the college library and in the Office of the Dean of Student Affairs. Violators are subject to college disciplinary action and possible criminal prosecution.

Alcohol and Substance Abuse Information

Prevention Programs

Clinton Community College has developed a program to prevent the illicit use of drugs and the abuse of alcohol by students, faculty and staff. The program provides services related to drug use and abuse including making available informational materials, educational programs, and referrals coordinated through the Office of Advisement and

Student Support.

Local, State & Federal Legal Sanctions Governing Alcohol

The State of New York sets 21 as the minimum age to purchase or possess any alcoholic beverage. Specific ordinances regarding violations of alcohol laws are available from the Office of Campus Safety. A violation of any law regarding alcohol is also a violation of the College's

Code of Student Conduct and will be treated as a separate disciplinary matter by the College.

Clinton Community College offers educational seminars on Alcohol and Other Drugs. For more information, contact the Advisement and Student Support Office at 562-4199.

The Campus Security Act also delineates what violations need to be reported. The definitions presented in this report are taken from the Uniform Crime Reporting Handbook. The definitions of sex offenses are excerpted from the national incident-based reporting edition of the Uniform Crime Reporting Handbook .

CCC does not tolerate bias-related actions or activities. Contact Sheriff's Office (ext. 777) or the Office of the Dean for Student Affairs (room 231M, ext. 121) for information on reporting a bias-related incident on campus.

Sexual Assault Prevention and Response

The College educates the student community about sexual assaults and date rape through programming offered through the Offices of Campus Life and of Advisement and Student Support. The Advisement and Student Support Office also offers programs on sexual assault education upon request from students, faculty, or staff. Literature on date rape education, risk reduction, and the college's response is available at the Office of Advisement and Student Support and the Health Office.

If you are a victim of a sexual assault, your first priority should be to get to a place of safety. You should then obtain any necessary medical treatment. Victims of a sexual assault are encouraged to report the incident in a timely manner. Time is a critical factor for the collection and preservation of evidence. An assault should be reported directly to Sheriff's Office, Title IX Coordinator, a College administrator, or a member of the Athletic Coaching staff. Filing a police report will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental

opinions from officers. Filing a police report will ensure that a victim receives the necessary medical treatment, provide for the opportunity to collect evidence, and assure that the victim has access to free confidential counseling. In all cases, college personnel will assist students in notifying authorities if requested.

When a sexual assault occurs, Campus Safety will notify the local police who will continue the investigation should the student wish to complete a formal report with the police. Counseling services are available to students off campus and the Advisement and Student Support staff can provide a referral should that be requested of them. Should a student request a change in their course section these requests can also be accommodated.

College disciplinary proceedings, as well as special guidelines for cases involving sexual misconduct, are detailed in the Student Handbook. The Handbook provides, in part, that the accused and the accuser are entitled to the same opportunities to have an advisor during the hearing. Both

the victim and the accused will be informed of the outcome of the hearing. A student found responsible for violating the College's sexual misconduct policy could be both criminally prosecuted and suspended or expelled from the College.

Firearms and dangerous weapons of any type are not permitted on campus. Our code of student conduct states: "Unauthorized possession of firearms, explosives, other weapons, or dangerous chemicals on college premises" is prohibited.

Reporting a crime to a college official does not obligate a victim to pursue criminal prosecution. CCC staff will assist students upon request with contacting local law enforcement .

Procedures for Student Housing Evacuation

Evacuation plans are posted on each residence hall floor, and the evacuation procedures are discussed with incoming students at residence hall orientation . In addition, Fire Marshals are appointed on each residence hall floor, and procedures are reviewed during floor meetings. Residence Life and Security staff also conduct monthly health and safety inspections to make sure that sprinklers and smoke detectors in individual resident rooms are functioning properly. Students who do not comply with evacuation procedures are subject to judicial sanctions.

Each semester, the Residence Life staff meets with local Fire Department officials to review and discuss policies and procedures related to equipment and evacuation procedures.

Policies for Fire Safety Education and Training Programs for Students, Faculty and Staff

During the beginning of each semester, residence hall students are trained by the Director of Buildings and Grounds on evacuation procedures and fire safety rules. Residence Life staff are trained by personnel from the local fire department during their annual training just prior to the opening of the residence halls. Topics include fire safety awareness, staff roles during an emergency, and proper use of fire safety devices (smoke detectors, pull stations, etc.).

During daily rounds, residence hall maintenance staff check fire extinguisher levels, exit signs, doors, pull stations and emergency lights within each residential unit.

Residence Life and maintenance staff conduct monthly Health and Safety inspections of student rooms to ensure compliance with all fire, health and safety policies.
